

August 22, 2018

Dear Eastern Ramblers:

Eastern has a longstanding tradition of being the Pride of Capitol Hill. We are excited to continue to build on this strong legacy and we know that your support is a critical component of this work!

Over the summer, the Parent Teacher Organization, (PTO), Local School Advisory Team, (LSAT), and Eastern staff spent time discussing ways to ensure our students' can maximize daily instructional time. We recognized that the previous morning entry procedures were leading to congestion and have made shifts to our entry procedures.

It has come to our attention that there may be concerns about not having all students entering from the front of the school. Please know that this decision was in no way intended to alter the strong traditions at Eastern HS or to prevent students from entering the front of the school.

So far, our students have been able to enter the building quickly and get to class efficiently. I want to ensure that the Eastern community understands the reasons for these shifts and to hear additional points of view.

I invite anyone who would like to talk about this topic, or any other Eastern related matter, to my community office hours, this Friday, August 24 from 4 – 6 p.m.

I look forward to seeing you there.

With Rambler Pride,

Sah Brown
Principal
Eastern High School
